

FLY THE WORLD VIA CANADA

Traveling between the U.S. and the world is now easier than ever when you fly Air Canada, via Toronto Pearson International Airport. From there, we offer easy connections to our global network of 200 destinations, including the most sought-after destinations in Europe, Asia, South America and over 50 U.S. cities.

AIR CANADA

SEAMLESS INTERNATIONAL CONNECTIONS

By traveling via Toronto, your connection will be significantly faster thanks to a streamlined process making you a priority at every step, from disembarking, through security and customs, all the way to boarding your next flight, with no need to change terminals. Your baggage will also be automatically sent to your next Air Canada flight, without needing to be rechecked or picked up.

HEADING OUT INTO THE WORLD

For travelers passing through, starting early 2018, it will be easier than ever:

- Swipe your passports at a designated bypass kiosk.
- Proceed directly to the international departure zone. No need to clear customs or security.

GOING TO THE U.S.

International travelers can now:

- Disembark
- Proceed to security & U.S. customs

When American travelers head back to the U.S., they are treated as if coming from a domestic flight, so they can walk straight out; no need to clear customs.
